

# #4 OLS CA EQUI-LICKS

Canadian Reg. #820621

Supplement for Horses

This protein, energy, concentrated vitamin, major and trace mineral package is formulated for use on mature and growing stock horses on roughage. Also contains Diatomaceous Earth. Do not feed to sheep.

## GUARANTEED ANALYSIS

Crude Protein, minimum	14.00%
Crude Fat, minimum	7.00%
Crude Fiber, maximum	2.50%
Calcium (Ca), actual	2.25%
Phosphorus (P), actual	2.00%
Sodium (Na), actual	2.00%
Magnesium (Mg), actual	2.00%
Potassium (K), actual	2.00%
Copper (Cu), actual	500 mg/kg
Iodine (I), actual	25 mg/kg
Manganese(Mn), actual	825 mg/kg
Fluorine (F), maximum	66 mg/kg
Cobalt (Co), actual	10 mg/kg
Zinc (Zn), actual	1075 mg/kg
Vitamin A, minimum	440,000 IU/kg
Vitamin D3, minimum	88,000 IU/kg
Vitamin E, minimum	1100 IU/kg

## INGREDIENTS

Molasses Products, Corn Distillers Grains with Solubles Dehydrated, Diatomaceous Earth, Monocalcium Phosphate, Sunflower Meal, Vegetable Oil, Magnesium Oxide, Calcium Carbonate, Zinc Oxide, Zinc Sulfate, Zinc Methionine Complex [Reg No. 990583], Availa 4 [Reg No. 982083], Copper Sulfate, Dehydrated Aspergillus Orzyzae Fermentation Extract, Cobalt Sulfate, Sodium Selenite, Manganese Oxide, Ethylenediamine Dihydrochloride, Potassium Iodide, Vitamin A, Vitamin D3, Vitamin E, Dried Lactobacillus acidophilus fermentation product, Thiamine Mononitrate, Biotin, Folic Acid, D-Pantothenic Acid, Pyridoxine Hydrochloride, Vitamin B12, Riboflavin, Ascorbic Acid, Niacin, Menadione Dimethylpyrimidinol Bisulfite and Ethoxyquin.

Manufactured & Registered By:  
Orwig's Livestock Supplements Inc.

PO Box 4 Ellendale, ND 58436

**SELENIUM CAUTION:** Directions for use must be carefully followed. Do not use in association with other feed containing supplemental selenium. **WARNING:** Contains high levels of copper. Do not feed to sheep.

## FEEDING RECOMMENDATIONS

220-300 grams (8-10 ounces) per head per day. Product should be available continuously. Locate tubs near a source of water, salt or loafing areas. On open range locate tubs where animals congregate near gaps or along trails. Variables in consumption could be temperature, humidity, type of animal, animal size, stage of production and animal health. The quality, source, availability of roughage and/or light grain may also affect consumption. Measure product upon first introduction to figure consumption. Tub holds approximately 3.2 kg/cm (18 lb. per inch). Increase consumption by decreasing number of head or adding another tub. To reduce consumption, increase number of head or move tubs away from congregating areas. If this fails, remove a tub. Always provide a fresh, clean source of water and free choice salt.

Available in 250, 200, 100, 60, 50 lb. (113, 91, 45.5, 27.27, 22.67 kg) sizes.

This feed has added selenium at 6 mg/kg.
