

#14 OLS CA Bovine Breeder D

Canadian Reg. #621071

Supplement for Beef Cattle

This is one of the most concentrated products on the market that has been successful for building overall herd health. It's protein, energy, vitamin and mineral package is designed for growing and mature beef cattle being fed grass hay/dry grass pasture, or for mature beef cattle on very poor quality roughage. Also includes 10% Diatomaceous Earth.

GUARANTEED ANALYSIS

Crude Protein, min	18.00%
Crude Fat, min	6.00%
Crude Fiber, max	3.00%
Calcium (Ca), actual	2.75%
Phosphorus (P), actual	2.50%
Salt (NaCl) none added	0.00%
Magnesium (Mg), actual	2.00%
Potassium (K), actual	2.00%
Copper (Cu), actual	2200 mg/kg
Iodine (I), actual	100 mg/kg
Manganese(Mn), actual	3300 mg/kg
Fluorine (F), maximum	66 mg/kg
Cobalt (Co), actual	10 mg/kg
Zinc (Zn), actual	4300 mg/kg
Vitamin A, minimum	550,000 IU/kg
Vitamin D3, minimum	88,000 IU/kg
Vitamin E, minimum	2200 IU/kg

INGREDIENTS

Beet Molasses, Soybean Meal, Monocalcium Phosphate, Corn Distiller's Grains with Solubles Dehydrated, Calcium Carbonate, Magnesium Oxide, Vegetable Oil, Yeast Brewers Dehydrated, AFS [Reg No. 990083], Zinc Oxide, Zinc Sulfate, Zinc Methionine Complex [Reg No. 990583], Copper Sulfate, Dehydrated Aspergillus Oryzae Fermentation Extract, Cobalt Sulfate, Sodium Selenite, Manganese Oxide, Manganese Proteinate [Reg No. 990660], Ethylenediamine Dihydrochloride, Potassium Iodide, Vitamin A, Vitamin D3, Vitamin E, Dried Lactobacillus acidophilus fermentation product, Thiamine Mononitrate, Biotin, Folic Acid, D-Pantothenic Acid, Pyridoxine Hydrochloride, Vitamin B12, Riboflavin, Ascorbic Acid, Niacin, Menadione Dimethylpyrimidinol Bisulfite and Ethoxyquin.

Manufactured & Registered By:
Orwig's Livestock Supplements Inc.

PO Box 4 Ellendale, ND 58436

SELENIUM CAUTION: Directions for use must be carefully followed. Do not use in association with other feed containing supplemental selenium. **WARNING:** Contains high levels of copper. Do not feed to sheep.

FEEDING RECOMMENDATIONS

Expected intake: 82.5-165 grams (3-6 ounces/.25 -.3 lbs.) per head per day. Product should be available continuously. Locate tubs near a source of water, salt or loafing areas. On open range locate tubs where animals congregate, near gaps or along trails. Variables in consumption could be temperature, humidity, type of animal, animal size, stage of production and animal health. The quality, source, availability of roughage and/or light grain may also affect consumption. Measure product upon first introduction to figure consumption. Tub holds approximately 3.2 kg/cm (18 lb. per inch). Increase consumption by decreasing number of head or adding another tub. To reduce consumption, increase number of head or move tubs away from congregating areas. If this fails, remove a tub. Always provide a fresh, clean source of water and free choice salt.

Available in 250, 200, 100 lb.
(113, 91, 45.5 kg) sizes.

This feed has added selenium at 6 mg/kg.
