

#12 OLS CA Sheep Licks B D

Canadian Reg. #920291

Supplement for Sheep and Goats

This protein, energy, vitamin and mineral package is designed for use on growing and mature sheep and goats being fed grass hay/dry grass pasture, or for mature sheep and goats on very poor quality roughage. Same formulation as the main Sheep Licks but it also includes Bio-Mos and 10% Diatomaceous Earth to aid in the building of the immune system. Bio-Mos has been proven effective on E-coli and Salmonella, where pharmaceuticals have failed. Can be fed to cattle.

GUARANTEED ANALYSIS

Crude Protein, minimum	18.00%
Crude Fat, minimum	7.00%
Crude Fiber, maximum	2.50%
Calcium (Ca), actual	1.80%
Phosphorus (P), actual	1.50%
Salt, (NaCl)	none added
Magnesium (Mg), actual	2.00%
Potassium (K), actual	2.00%
Copper (Cu)	none added
Iodine (I), actual	75 mg/kg
Manganese(Mn), actual	1650 mg/kg
Fluorine (F), maximum	66 mg/kg
Cobalt (Co), actual	8 mg/kg
Zinc (Zn), actual	21500 mg/kg
Vitamin A, minimum	440,000 IU/kg
Vitamin D3, minimum	66,000 IU/kg
Vitamin E, minimum	1100 IU/kg

INGREDIENTS

Molasses Products, Sunflower Meal, Corn Distillers Grains with Soluble Dehydrated, Diatomaceous Earth, Magnesium Oxide, Monocalcium Phosphate, Calcium Carbonate, Vegetable Oil, Yeast Brewers Dehydrated, AFS [Reg No. 9900833], Zinc Oxide, Zinc Sulfate, Zinc Amino Acid Complex [Reg. No. 9833688], Zinc Methionine Complex [Reg No. 990583], Dehydrated Aspergillus Oryzae Fermentation Extract, Cobalt Sulfate, Sodium Selenite, Manganese Oxide, Manganese Amino Acid Complex [Reg No. 990588], Ethylenediamine Dihydroiodide, Potassium Iodide, Cobalt glucoheptonate [Reg No. 980490], Vitamin A, Vitamin D3, Vitamin E, Dried Lactobacillus acidophilus fermentation product, Thiamine Mononitrate, Biotin, Folic Acid, D-Pantothenic Acid, Pyridoxine Hydrochloride, Vitamin B12, Riboflavin, Ascorbic Acid, Niacin, Menadione Dimethylpyrimidinol Bisulfite and Ethoxyquin.

Manufactured & Registered By:
Orwig's Livestock Supplements Inc.

PO Box 4 Ellendale, ND 58436

SELENIUM CAUTION: Directions for use must be carefully followed. Do not use in association with other feed containing supplemental selenium.

FEEDING RECOMMENDATIONS

Expected intake: 27.5 - 55 grams (1-2 ounces) per head per day. Product should be available continuously. Locate tubs near a source of water, salt or loafing areas. On open range locate tubs where animals congregate, near gaps or along trails. Variables in consumption could be temperature, humidity, type of animal, animal size, stage of production and animal health. The quality, source, availability of roughage and/or light grain may also affect consumption. Measure product upon first introduction to figure consumption. Large Tub holds approximately 3.2 kg/cm (18 lb. per inch). Increase consumption by decreasing number of head or adding another tub. To reduce consumption, increase number of head or move tubs away from congregating areas. If this fails, remove a tub. Always provide a fresh, clean source of water and free choice salt.

Available in 250, 200, 100, 60, 50 lb. (113, 91, 45.5, 27.27, 22.67 kg) sizes.

This feed has added selenium at 6 mg/kg.
